KS Channel | Extruded aluminum profile

The KS Channel linear aluminum extrusion has been designed to fit many LED lighting needs. Multiple mounting and lens options allow for great flexibility and adaptability for any application. Extrusion and diffuser lenses are also field cuttable. Substantial aluminum mass in profile provides excellent heat sink for high power LEDs. Mounting brackets and endcaps are available in multiple finishes and sold separately.

Technical information

Finish: Silver anodized, White
Diffuser lens: polycarbonate, snap-in-place, UV resistant
Mounting: multiple mounting brackets (page 2)
