

The CLA Channel is a linear aluminum extrusion that has been designed to fit many LED lighting needs. Multiple lens options allow for great flexibility and adaptability for any application. Extrusion and diffuser lenses are also field cuttable. Substantial aluminum mass in profile provides excellent heat sink for high power LEDs.

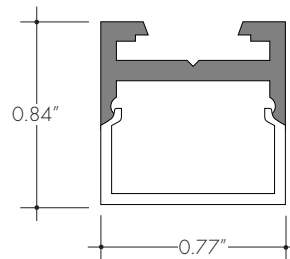

Technical information

Finish: Silver anodized, White

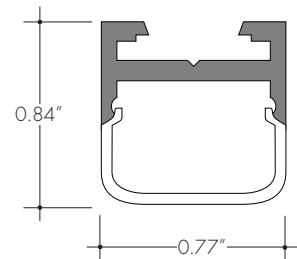

Diffuser lens: polycarbonate, snap-in-place, UV resistant

Mounting: multiple mounting brackets (page 2)

Lens Options	
Actual length	48", 72" 96", & 144"
