

The Wall + Channel linear aluminum extrusion has been designed to fit many LED lighting needs. Varies Lengths and lens options allow for great flexibility and adaptability for any application. Extrusion and diffuser lens are also field cuttable. Substantial aluminum mass in profile provides excellent heat sink for high power LEDs. Spring clips and endcaps are available in multiple finishes and sold separately.

## Technical information

**Finish:** silver anodized, white powder coated

**Diffuser lens:** polycarbonate, snap-in-place, UV resistant

**Mounting:** multiple mounting brackets (page 2)
